Disclaimer:

This document (the "Report") has been prepared and issued by Bureau Veritas Asset Integrity and Reliability Services Pty Limited (the "BV"). This document in whole or in part may contain sensitive business information of BV and may not be used by any person or entity for any purpose other than that specified, without the written consent of the BV. This Document has been developed on the request of the Client and based on his information shared till the Document issuance regarding this Project. Hence any liabilities and responsibilities arising out of use by a third party of this document for purposes not wholly connected with the above will be the responsibility of that party who will indemnify the BV against all claims, costs, damages and losses arising out of such use.

The reports, certificates and/or documents are given only in relation to the written instructions, documents, information and samples provided to BV by the Client prior to the performance of the Services. BV cannot be held liable for any error, omission or inaccuracy in the reports, certificates or documents to the extent that BV has been given erroneous or incomplete information by the Client. The reports, certificates and documents reflect the findings of BV at the time of performance of the Services only. BV shall have no obligation to update the reports, certificates or documents after issuance unless otherwise stated in writing.

Reports, certificates and/or documents issued by BV on termination of the Services may be reproduced exclusively by the Client and in integral form, and the partial reproduction or quotation of such reports, certificates and documents shall require BV's prior written authorization and the use of such reports, documents or certificates outside the context of the specific purposes for which BV has prepared them shall not give rise to any responsibility on the part of BV either towards third parties or the Client.

The Client is responsible for exercising its own, independent judgment with regard to the information and recommendations provided by BV. Neither BV nor any of its agents warrant the quality, outcome, effectiveness or appropriateness of any decision or action undertaken on the basis of the reports, certificates or documents provided under the agreement between the Client and BV.

For the avoidance of doubt, BV does not fulfil the role of an insurer or a guarantor in respect of the adequacy, quality, merchantability, fitness for purpose, compliance or performance of assets, services or other activities undertaken or produced by the Client to which the Services relate. Notwithstanding any provision to the contrary contained herein or in any Report, no warranty or guarantee, express or implied, including any warranty of merchantability or fitness for a particular purpose or use, is made by BV for any activities undertaken by the Client or any product or asset manufactured, distributed, imported, or sold by the Client.

The Client takes notice and expressly accepts (i) that no report, certificate or document issued by BV shall constitute or may be interpreted or treated as a warranty, whether wholly or in part, as regards to the absence of defects or faults or the functioning of any equipment, asset or installation in relation to which BV may have provided the Services, (ii) that no liability may be imputed to BV for losses, charges or costs incurred by the Client in consequence of whatsoever risk, fault or defect or non-conformity of the goods, equipment, assets or installations in relation to which BV may have carried out the Services and that may have been identified subsequently to the performance of the Services or in any case whose identification has been made possible by technologies, know-how or technical skills not available at the time when the Services were performed.
